## ABOUT THE SCHOOL

St. Mary's Convent School, Tanda is owned and administered by the Diocese of Jalandhar, a registered charitable society that runs several flourishing schools all over Punjab and certain parts of H.P. This is also a minority institution with all its privileges guaranteed by the Supreme Constitution of India, under the Article 29, 30 (1). His Excellency the Bishop of Jalandhar is the Patron of this School and the president of the Society.

The main aim of the school is to provide a sound, value based and emancipating education, designed to train its pupils to live for God and country, through their activities, be it moral, spiritual, intellectual, social or professional. It is student friendly and encourages analytical, creative and independent thinking and assists the students in developing holistic perspectives, all round development, positive thinking attitude and sound domain of knowledge with particular applications of it.

*"Education is the most powerful weapon which you can use to change the world"*

Education is the only key to success in personal and professional life. It is a continuous process which starts when we take birth and ends when our life ends.

I pray to the almighty that let this temple of learning may mould the young minds into perfection and excellence. Through which a nation can be built on integrity and endurance.

*"Education is the passport to the future. For Tomorrow belongs to those who prepare for it today"*

Education is not only means to read, write or learn, it is the way to live positively and live life happily. An educated person can think reasonably and take better decisions. No doubt, our school not only imparts literary skills, rather it helps the students to improve and develop the status of mind, body and spirit, which becomes a vital way to the success as well as personal growth. Let us pray that St. Mary's Convent School be an icon of hope and love for the world.

## EDITORIAL

*"Good leaders create a vision, articulate a vision and passionately own a vision and turns it into a reality."* JACK WETCH

The school is an incarnation of self-respect, love, affection, sensibility, responsibility and compassion which puts the students into a "State of flow" and makes them genuinely want to learn. We recognize, appreciate, applaud and foster the fine blend of sensibilities in a child changing a negative outlook from drab and demoralized to bright and expectant. It gives me immense pleasure to ensure that this newsletter has successfully accomplished its objective. The reflection of the students' creativity and achievement is the epitome of the newsletter. Herbert Spencer said, "The great aim of education is not knowledge but action". And this is
